

National Parks **UNDER ATTACK** Help nature claim them back!

Public Meeting to stop the exploitation of nature and national parks
by blood sports and commercial facilities

Wednesday 9 September, 5.30-8.00pm

Light supper, 5.30pm – Free

Theatrette, Parliament House, Macquarie Street, Sydney

Speakers:

The Hon Ian Cohen, MLC

Greens NSW

Prof Ralf Buckley

Director, International Centre for Eco-tourism Research

Dr Carol Booth

Policy Officer, Invasive Species Council

and others TBA

Attend this free Public Meeting. Let the media and our politicians know:
this issue is critical to the fate of nature conservation in NSW.

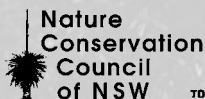

***Don't let National Parks be ruined by political deals
or fast buck schemes.***

Be there and spread the word.

Proposed laws to slaughter native animals and birds, and encourage
commercial facilities (e.g. luxury private accommodation, eco-lodges)
threaten to turn the National Parks idea upside down.

TOTAL ENVIRONMENT CENTRE

Join the Campaign to save our national parks and wildlife

Protection of national parks and wildlife are the cornerstones of nature conservation. Plans by the Shooters Party and the NSW Government could see nature exploited by private commercial facilities in national parks or shot as 'game' for blood sports.

The Government has not asked the community if they want hunting or commercial development in national parks.

Environment groups want more people enjoying nature in our parks. This goal will be defeated if national parks are turned into profit centres or killing fields.

To keep our wilderness and national parks safe requires constant vigilance.

Why not join us? With your help we can protect these precious areas for nature and our kids!
